Info:
Der Hamburger DIY Szene verpflichtet startet der Zeichner und DJ 2008 sein eigenes Mini Label um Bands aus dem eigenen Umfeld eine Plattform zu bieten. Neben vielerlei eigenen Band Experimenten bleibt am Ende das Solo Projekt KiRRiN iSLAND. Snap, Crackle and Pop beschreibt Haina seine Musik selbst, seine Vorbilder findet man im abstraktem Hip Hop, Post Dup Step, Singer Songwriter und Disco Genre.

Kirrin Island is an illustrator, artist and DJ engaged and commited to Hamburg's colorful DIY scene. His long-living but for now only virtually existing band Salamandoids and his various band projects and collaborations aside, Kirrin Island remains a constant and the main focus. If you ask him to describe his music you'd hear "Snap, Crackle and Pop", when you listen to his sounds his abstract beats are fueled by sample house and post ambient electronics.
