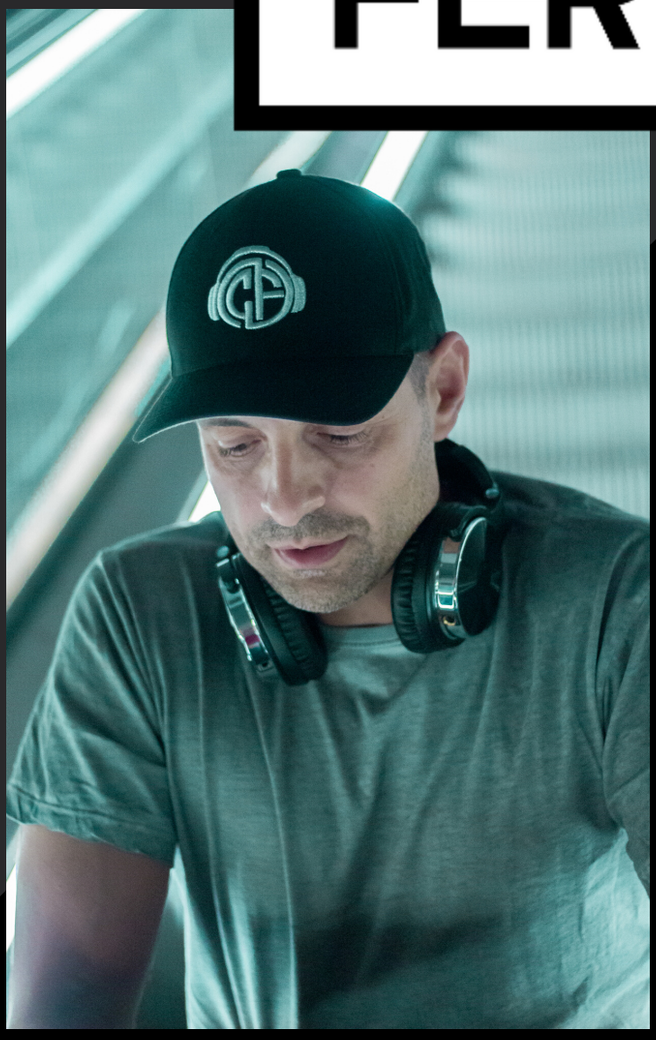
CLAUDIO FERRONE



Sensual, passionate and genuine, Claudio is an Italian/Canadian Producer | DJ whose style represents a blend of North American and European minimal, house and techno influenced by Toronto's famed multiculturalism. He brings to the stage over 20 years of experience of moving crowds in person and in live mixes on the radio / Social Media.
A classically trained pianist and jazz trumpet player, he engages with the audience by his flirtatious nature; passionately spinning and blending the styles effortlessly with a devilish smile on his face.

"People call me 'cheeky', 'an entertainer' and 'hot'
I pour my heart & soul into my work from producing tracks to performing.
Through music I express my inner passions and feelings.
Through my body and facial expressions I connect with my audience"

Claudio Ferrone
