RYAN THOMAS

Hailing from Nottingham, Ryan Thomas has become one of the city's fastest rising stars. Having signed to I'm Not From London Records, his debut EP 'Worries & Troubles' went to Number One in the UK Itunes Blues Chart in April 2014. His unique blend of country, blues & folk shows influences from Seasick Steve, Robert Johnson and Gillian Welch whilst showing his expert guitar playing and lyrical content of women, liquor and blues.

The past year has seen bookings for major national promoters, support slots across the country and major festival bookings including Dot To Dot Festival, Splendour Festival, CFAB and Y Not Festival. This includes being hailed as 'one to watch in 2014' by LeftLion magazine.

Ryan is available for bookings as a full band or acoustic soloist.

PRESS & REVIEWS

"The sound of Bluesy folk artist Ryan Thomas will blow you away. His Seasick Steve like vocals coupled with the sound of his bling resonator guitar is a catch. A born performer, Ryan Thomas' performance is spellbinding." NUSIC

"In fact, if it's modern blues you're looking for, you can't go far wrong with this record. Chuck it on while you're having a bottle of beer and a cigarette, then listen to it again when your head's pounding the next morning." Leftlion

"Ryan's vocal style is grizzly and the same throughout the set, which charms and entertains with many different styles in the songs, they're all blues infused, but there are other genres in there; rock, pop, soul…" Nottingham Live
