

MOSI MANN

EQUIPMENT SETUP

Festival to provide

- 4 CDJ3000
- 1 DJM900 NEXUS 2
- 2 BOOTH MONITORS plugged on the DJM
- 1 NORD STAGE 2 KEYBOARD (88 keys): **the keyboard must have a piano sound, an easy access to the TRANSPOSE mode and a SUSTAIN PEDAL.**
- 1 LINK CABLE (HUB Gigabit for linking CDJ3000, do not plug the DJM)
- 1 MICRO HF SHURE (plugged on MIC1)

NO SYNC, NO QUANTIZE.

MIC1 & MIC2 have to be linked with the Booth Monitors, therefore the MIC1& MIC2 sound has to come from the Booth Monitors.

KEYBOARD must be placed on the right as shown and plugged in Jack x2 to RCA or Jack x2 to Jack MIC2.

DJ BOOTH must be between 75 and 90cm high (30-35 inches), this means that a practicable table is needed and the table legs must be 80cm high (31 inches).

2 CLEAN TOWELS & 6 BOTTLES OF STILL WATER (Evian, unopened)

MOSIMANN won't be able to perform without this exact equipment setup.
