

# ELECTRONIC LIVE MUSIC

### "Electronic music as you have never seen"

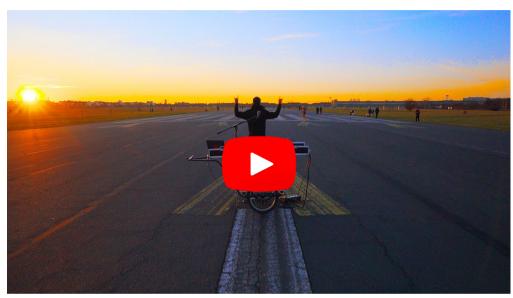

"We have never seen a proposal even remotely similar to that of Ain TheMachine" DJ Mag Spain

"Ain TheMachine is, without doubt, one of the most unique and creative producers that we have had the pleasure of discovering, with a production arsenal that includes no more than himself, a few random objects and Ableton Live." Inflyteapp+

Ain TheMachine's unique vision caught the attention of the electronic music scene. You can find him jamming in one of **the most viewed** and commented posts on Beatport, playing live on the dance-floors of legendary clubs like Sisyphos, Rummels Bucht, D.EDGE, or having his releases being supported by Purple Disco Machine among other artists.

Based in **Berlin**, his journey as a musician, composer, and music producer has taken him on to becoming a **Latin Grammy** nominee. He has toured four continents, played with **Prince**'s guitarist Miko Weaver, jammed with **Bobby McFerrin**, and had his productions remixed by **Mad Professor** (he has remixed tracks by Sade, Beastie Boys, Jamiroquai, Depeche Mode, to name a few).

Ain TheMachine is constantly <u>releasing songs</u> on his label **Mundo Afora Records**, <u>performing live</u> from unexpected places, and making <u>fun</u>

<u>tutorials</u> where he shares his process of music creation.
