The Hubbards Tech Rider 2015

Our tech rider is pretty simple....

1x Bass (DI, Sansamp)

2x Guitars

1x Standard Drum Kit

2x Vocal mics along the front

Love having 4 monitors along the front and a drum wedge

Our drummer plays left handed (but is quick and changing kits around and very used to doing so)

On the rare occasion it's been a problem solely Dling bass. Let us know if this is the case and we'll bring an amp.
