

**Travelparty:**

4 members and 1 driver/merch guy/whatever. Noir Reva usually play 45 - 60 minutes. If that's a problem, please let us know in advance.

Line-up:

Marius - Bass

Peter - Guitar

Robby - Guitar

Lucas – Drums

Things we would need**Food:**

It would be really great if you could provide some vegetarian food options. We would like to have both alcoholic and nonalcoholic drinks. Some water without gas would be nice as well.

Backline:

We will bring one 4x12 guitar cabinet (16 ohm or both 8 ohm) one 2x12 guitar cabinet and one 4x10 bass cabinet (8 ohm), and a complete drum set (kick, tom, floor tom, hihat stand, three cymbal stands, snare stand). Other bands are allowed to use that. We need one microphone on one stands, as well as an additional XLR cable, or DI at the drum kit because we are using some samples during our set. Let us know what you have available please. One of our guitar players, uses a Kemper Amp which will go directly into the PA without a Cabinet

Merchandise spot:

We'll bring some records, shirts and other merchandise. It would be great if we can use a table that's around two meters in length to display and sell our merchandise. If this length is not available, please provide a wall that works well with clothing hangers or tape. We would still need something to put our records on.

Misc.:

We need 4 clean and dry towels after the show.

Noir Reva will bring a fog machine, aswell as a Strobo Light wich need a seperate powersupply.

Noir Reva will use as little light as possible on stage.

PRESS AND OTHER INFO:

If you need press photos or logo's for your poster, website, etc, please let us know.
