

RESONATE

// Technical Specs //

A two-piece electronica indie/dance band.

ALEX PIEARCEY:

Vocals

Guitar

MARK PERREIRA:

Drums (Full kit)

Backing Track (via Laptop)

Thats it! The world's easiest band to set up, right? Venues/sound engineers love us!

OPTIONAL PREFERENCES:

We feel the drumming element adds to the visual effect of our shows as a two-piece and where possible prefer for our drums set up near front-of stage, alongside main vocals. We understand this is not always possible but appreciate if consideration can be made.
