Please provide the complete sound system, separate front lighting for each position, colored backlighting for a warm and dynamic atmosphere and experienced local technicians (we travel without crew)!

For technical questions, please contact:
 Ingo Schmidt • Mobile: +49 173 234 16 02 • E-Mail: info@ingvay.com
Thank you!

INGVAY

INGVAY & Band (Quartett) Patch & Plot / page 2/2 - V.1-2023

Local promoter provides

Clean, solid, dry stage, 8x6 m.

Sound

Monitor: 5 hi quality floor wedges
4 separate pre fade mixes.

Hi quality PA with good coverage and headroom, all mics, stands, cables according to patchlist.

Lighting

White front lights for 4 separate positions and colored back lights for a warm and dynamic atmosphere

Local crew

Experienced engineers for sound & lights (we travel without crew)

1 experienced backliner - if local backline is used

1-2 stagehands - if our backline is used

All systems / instruments must be built up, checked and ready for soundcheck when we arrive.

Local Backline

Please note: When we drive to the show we usually bring our own backline.
If we fly to the gig and for certain festivals the local promoter must provide the backline.
Please get back to us to check this in detail a few weeks before the show.

- 1 Telecaster electric guitar (Fender Vint Hot Rod 50s Tele MN BB or any other USA Tele with Humbucker at Neck Position)
- 1 Complete drumset (according to separate listing)
