## Technical Rider

### Roman's Workspace

#### PROVIDED BY PROMOTER:

- 1 (one) DJM 900nexus2; This is used as the soundcard for Traktor Scratch (**No other model is acceptable!!!!!!!**)  
**Important:** The mixer needs to be separate to previous DJ  
Access to SEND/RETURN channels.
- 2 (two) CDJ 2000nexus/nexus2 to be used with Traktor Scratch & Timecode CD's (SD Card)

The third CJD2000nexus2 on the right side is used as **backup** and can be connected to Channel 4.

**Note:** CDJs **\*must\*** be linked via Ethernet cable and connected DIGITAL IN to Channel **2 & 3** on the DJM900nexus2 (Picture) (Left CDJ = Channel 2, Right CDJ = Channel 3)

- 3 (three) free 220 volts movable power sockets close to the Mixer.
- 2x (Stereo) High powered and loud full-range monitoring left and right with adjustable volume control set up on the Mixer.
- Space for: 1 Macbook Pro incl. Laptop-Stand, Pioneer RMX-1000, 2x NI Traktor X1 Controller between Mixer and CDJs (provided by Artist)

**ABSOLUTELY NO LIVE RECORDING** unless agreed upon by the artist beforehand
