PA

A system suitable for the venue with enough power for a typical rock show, preferably Meyer Sound, L'acoustics, D&B Audio.
No DIY or low budget gear.

Mixing Console

Yamaha CL Series, at least 32 Inputs, 8 Outputs on stage, access to Dante Network at FOH.

If not available: Yamaha QL, DiGiCo SD, Allen & Heath D-Live, Soundcraft VI with Dante Card installed (FX Processing inserted via Dante). We also need 2 analog insert points for inserting an Apollo Twin.
We travel with our own FOH technician.

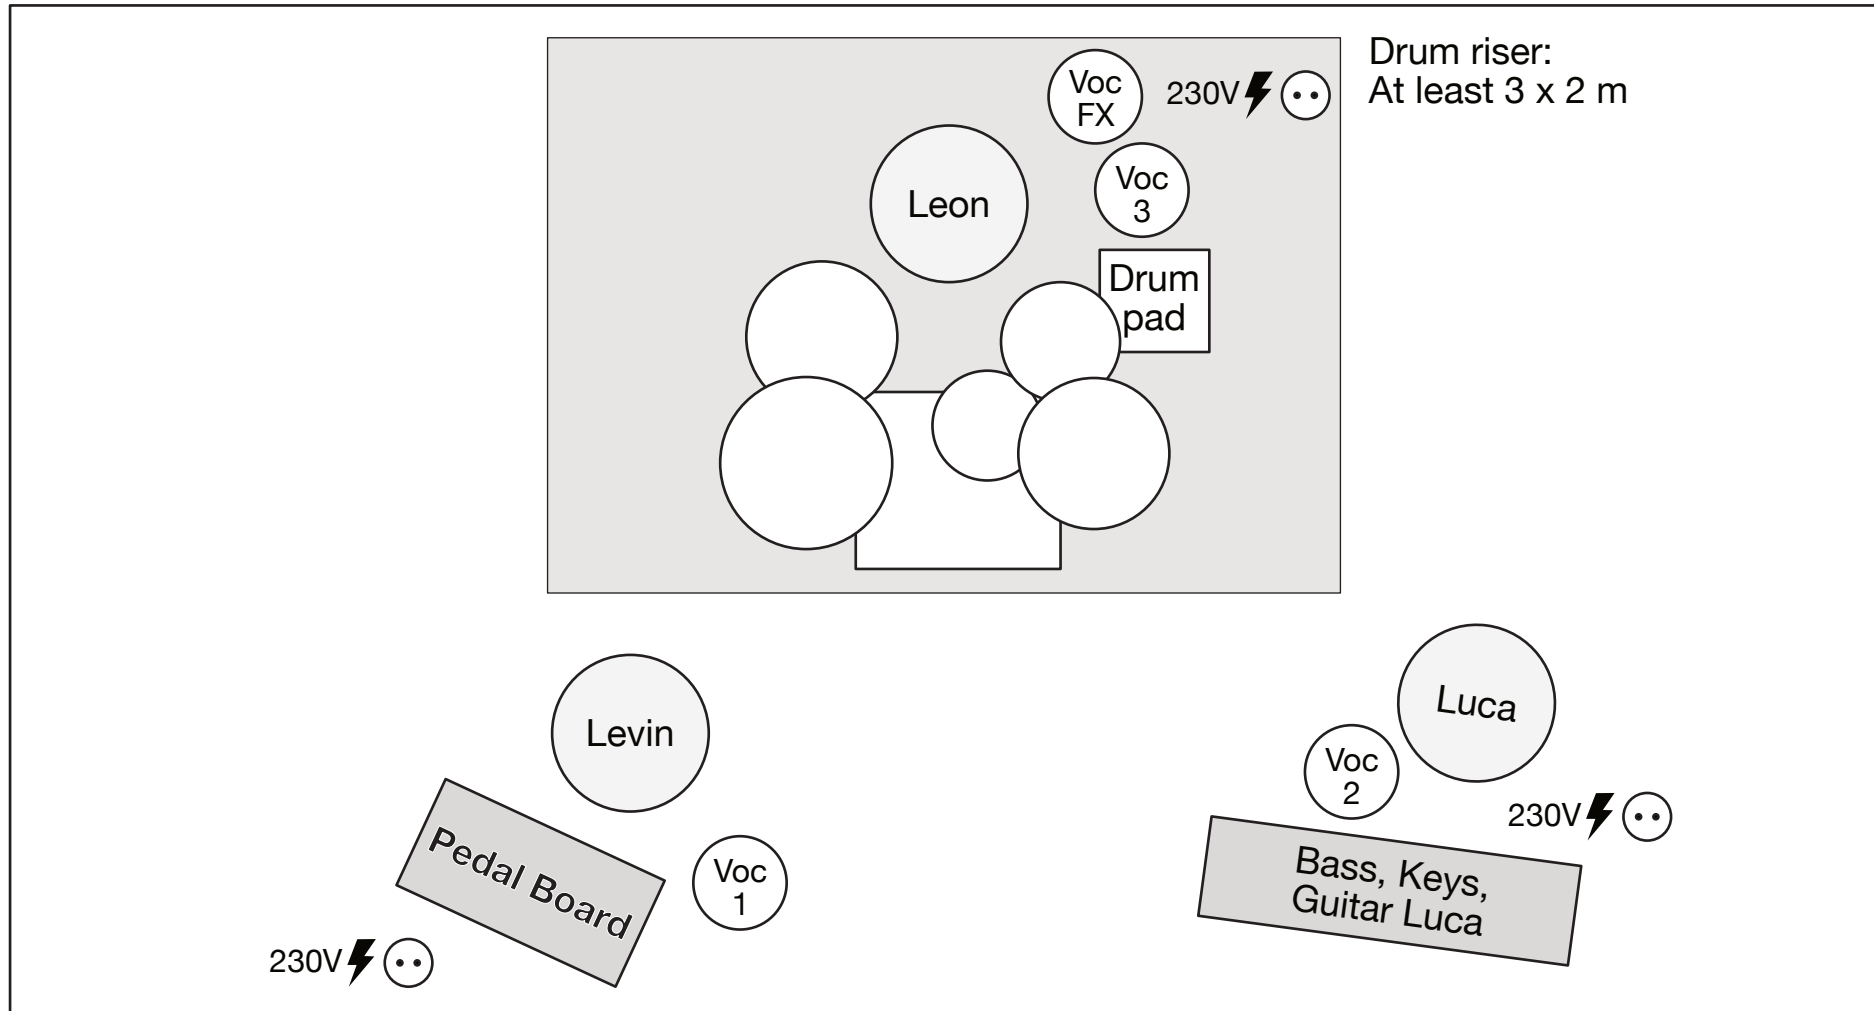

Monitoring

Three stereo Aux for In-Ear monitoring. Wireless In-Ear systems are provided by the Artist.

Light

Please inform the lighting technician on site & contact us for prior arrangements! **No strobe light on stage!**

This rider is to be understood as part of the performance contract. If anything of the above can't be achieved, please contact us.

Audience

Input	Source	Microphone	Provided by
1	Kick In	Beyerdynamic TG D71	Sparkling
