

The last September - Technical Rider

Mic's for drum kit (occasionally using Yamaha Subkick dependent on size of venue), other than that, standard drum set-up,

Electric Bass - DI'd,
2 x Electric Guitars - Mic'd up,
One Acoustic Guitar - DI'd,

Accordion - Player has clip on mic, sometimes additional mic may be required however,
Keyboard - Stereo jack output,

Vocals x 3 - Two front of stage and one over drummer,

One and a half to two hours required for setting up and soundchecking.

Sufficient power to run all of the above, and lamps/televisions/video recorders for visual purposes.
