

# ALPINES

## Dressing Room Rider 2014

Alpines are a touring party of 6 people

We will need parking space for two cars or one van.

A dressing room should be made available from load-in time

Catherine will need to spend about an hour in make up/wardrobe before the show and we require at least 1 private lockable room that is safe to leave personal belongings.

Dressing room will need to contain a tall mirror and have decent lighting – preferably natural light. It should also contain 1 or 2 electrical sockets and have a clothes rack. If an iron and ironing board can be supplied that would also be ideal.

If food is served in your venue, a hot meal would be very much appreciated, otherwise we will need a £20 per person buy out to eat in a local restaurant.

### Drinks:

12 bottles of beer, preferably craft (eg. BrewDog, Sierra Nevada, or a quality local beer)

12 bottles of water

1 litre of apple juice (Innocent apple juice preferably)

Appletiser, lemonade and coca cola (diet and normal) cans

Teabags (PG tips, Earl Grey and Peppermint)

Assorted snacks for the dressing room would be appreciated but we'd much rather a square meal.

A Couple of towels
