

SOUND RIDER 2014

DECEMBER 2014

SHAKE SHAKE GO

FOH Sound Mixer : Damien Bolo
tel:+336 03 56 02 02
mail : dbolospectrumstudio@gmail.com

P.A SYSTEM

The sound system must be able to homogeneously cover the whole public with a minimum of 105 db A before distortion and processors limitation.

The sound system will be made of :

Hanged main system, Line Array type (15" speakers for low frequencies) --subs, in cardioïde mode, Hanged on end is our préférence.

Please, avoid using small systems. SHAKE SHAKE GO sound is a demanding sound, therefore a sound system showing a wide bandwidth and much headroom is necessary (for reaching 105 db A without distorsion).

Please, feel free to contact us for any questions you would have about the system to put in place.

FOH sound control

ANALOG CONSOLE

1 x MIDAS H2000/3000/XL3/XL4
1 x Stéréo Comp:SSL384/API2500/AVALON VT747/AD 2044/Waves MAXXBCL
1 x Eq KLARK TECKNIC DN360
1 x PCM 60/70/90/91
1 x Eventide Eclipse/H3000
1 x DELAY TC-D2
4 x DBX160
2 x DRAWMER DL241
4 x BSS DPR404
4 x DRAWMER DS201
1 x CD

OR

DIGITAL CONSOLE

1 x Midas PRO6, Soundcraft Vi6/Vi4, Yamaha CL, Vi1 PRO2
1 x Stéréo Comp:SSL384/API2500/AVALON VT747/AD 2044/Waves MAXXBCL
