

GENTLEMAN CLEF

BIO

Two brothers, two instruments and a commitment to create music with authentic feeling. Gentleman Clef is the name of the band formed in 2014 by Juan Serrano (piano) and Germán Serrano (voice and guitar), joint together in Madrid after several years of separated paths. Their work includes: “Storm” EP launched in 2016, “Agustin” single with solidarity purpose launched in 2018 and “Its all about balance” LP launched in 2019. A new LP its been recorded to be launched at the end of 2023. Indie-pop/alternative rock style with acoustic influences and a personal identity that really makes a difference.
