

RIDER

Access & Setup

Please provide the location and setup conditions at least 2 weeks before the concert date. If the team is traveling by train or plane, please arrange transportation to the venue. If the team is traveling by personal vehicle, please ensure at least 2-3 parking spots are reserved as close as possible to the stage.

Setup & Soundcheck

- **Unloading:** 20 minutes
- **Setup time:** 40 minutes
- **Soundcheck time:** 40 minutes to 1 hour

Please provide a secure storage space for equipment near the stage if possible.

Band Reception

Please arrange for someone familiar with the day's schedule to welcome and guide the team upon arrival. Ensure the required number of passes, agreed upon beforehand, are available to facilitate the team's setup. A detailed schedule outlining the day's activities (installation, soundcheck, meals, etc.) should be provided to the manager or team leader.

Dressing Rooms

Dressing rooms must be provided with proper lighting, tables, chairs, toilets, mirrors, etc. These spaces must be lockable and secure.

Catering

- Provide water bottles in the dressing rooms and on stage for the group and staff.
- Arrange a meal at least 1.5 hours before the concert begins. If this is not possible, provide snacks and sandwiches in the dressing rooms.
- A fridge with chilled beers for the musicians is also appreciated, as they often get very thirsty.

Note: One of the members is vegetarian.

Video & Photography

The group agrees to be filmed or photographed by a representative of the venue/festival. If our photographer/videographer is present, they must be granted access to the stage as long as they do not disrupt the performance.

Accommodation

If the group and staff need to stay overnight due to travel distance, hotel or Airbnb accommodations must be arranged. The number of rooms will be determined in advance with the organizer. Parking spaces should also be provided if the group arrives by car.

Merchandising

Our merchandise can be sold at the end of the concert by one of our members. Please provide a visible and well-lit area with a small table near the venue entrance for this purpose.

Invitations

The group may request a few complimentary tickets. These will be communicated to the organizer in advance.
