Monitoring:
Minimum 4 independent monitor mixes required!

P.A. System:
Band does not carry its own PA.
So We need : A high-quality full-range PA system (sufficient for the venue size)
and it must be provided by the venue or event organizer.

Power Requirements :
Minimum 4 separate power outlets on stage.
Each station (keyboard, guitar, bass, vocal) needs access to power.
All outlets must be grounded and stable (230V if in Europe).
