

Technical & Stage Requirements

CHRYSTAL CHRIS

.....

Required hardware:

- High-quality speakers and monitors for the DJ booth. (on each side!)
- DJ-Mixer: Allen&Heath Xone:96 or Xone:92
- Professional sound and lighting setup.
- DJ booth with 3 CDJ decks
- Access to a power outlet with [X] sockets.
- Microphone for announcements, if necessary.

Required space:

- behind the table, I need approx. 1m space.

Connections:

- record out of the mixer will be connected to line in 1-2 of the Zoom H6 recorder.
- a 220V power source (european plug) with 2 free slots is required on the table close to my setup.

Please contact me - at least one week before the show - if any of these requirements can't be met.
