## Tech Rider

I come with a  
**TRAKTOR KONTROL Z1!**

I am a digital DJ.

I always travel with my MacBook Pro,  
my TRAKTOR KONTROL Z1,  
a five meter long cinch cable  
and two mono phone adapters.

Please make sure you either have a cinch input or two  
mono phone inputs on your mixer or PA amplifier  
where I can plug in the Z1. I also need a continental  
European power socket for my MacBook.
