

VÊSTIGE

Stage direction
Technical Rider/Stage Rider/Channellayout
Catering Rider

In advance:

Should one or more details of the rider not be accomplished, we can still find a good solution for both sides. Just contact us.

The band has not a personal mixing engineer, but a photographer and a merch-person, which are always included in our team.

Instruments and the backline will be brought by the band themselves. Microphones, stands and other technical stuff should be arranged by the organiser.
