# BIOGRAPHY

No Sin Evades His Gaze are a metal band from the United Kingdom. Emerging onto the scene in 2014, the band made waves throughout the UK with appearances at Bloodstock Festival and UK Tech Fest within the first few months of their existence. Comprised of former and current members of Ravenface, Bleeding Oath and Slugdge, NSEHG boast an impressive combination of musicians with a wealth of experience to create a new force within the metal scene.

In August 2014, the band released their debut album 'Age of Sedation' which was met with critical acclaim. NSEHG's signature sound combines elements of deathcore, groove and tech metal, then tastefully moulding this concoction with orchestrated, epic soundscapes for a colossal take on modern metal.
