---

**WE BRING (electronic devices)**

**2 microphones** – Audix D4

**1 echo pedal** – Line 6 echo park

**1 banjo + 4 effects pedals**

Everything is plugged on

**1 mixer** – Mackie 802VLZ4

**Output: RCA or Quarter inch or XLR**

**WE NEED**

**A sound system with good bass**

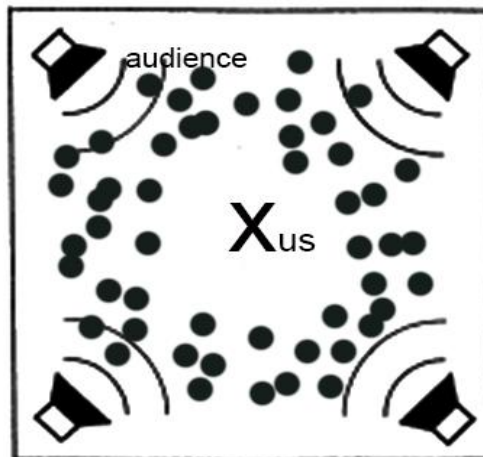

(we love to play quadraphonic)

**2 power plugs**

**30 minutes sound check**

**NB 1:** We don't need compression, it damages our music

**NB 2:** We play in the pit, sandwiched by the speakers, the audience all around us

Thank you very much for your help, feel free if you have any questions.
