

Ladies and Gentlemen,

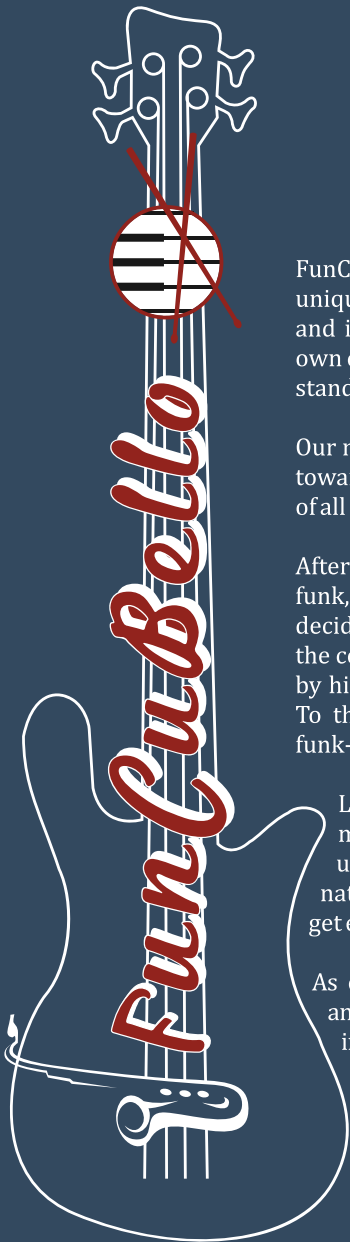

FunCuBello Band, originating from Hamburg, brings you a unique show, an incredible mix of the genres fusion, funk, and infectious Latino rhythms. Our repertoire consists of own compositions and refined arrangements of several jazz standards.

Our music is appropriate for extensive shows and oriented toward festivals, clubs, and various live events, for a public of all ages.

After studying for many years the musical rhythms of jazz, funk, and Afro-Cuban, the percussionist Daniel Sapcu decided to combine his own ideas and improvisations with the complex arrangements and modern harmonies created by his partner and band colleague Loredana Todor-Sapcu. To this were added influences of fusion-jazz, funk-rock, funk-New Orleans styles as well as... a drop of smooth jazz.

LIVE, FunCuBello Band offers all fans of instrumental music a once-in-a-lifetime opportunity. Nothings makes us happier than seeing our spectators smile and moving naturally on the rhythm of our music, things we actually get every time.

As of 2015, the FunCuBello quartet will collaborate with another saxophonist and another bass player, in order to increase the number of concerts worldwide. These are the valuable musicians Lucian Nagy (Saxophones/Ethnic woodwinds) și Johann Berby (bass).

The FunCuBello Quartet is composed of:

Jiri Halada,
alternating with
Lucian Nagy

Loredana Todor Sapcu

Johann Berby
alternating with
Daniel Brennecke

Daniel Sapcu

Our program can include two or three parts of 45 minutes each.

We would be happy to share the pulse of our music with you.

With the characteristic groove, FunCuBello.

Come with us!
