

## **GNTN Artist Tech Rider**

Mixer: 1 x Pioneer DJM800

Monitors: 2 x full frequency, high powered monitors at head height. They also must be connected to the booth control knob on the DJM800 so GNTN can adjust the volume of the monitors as required.

SETUP: The table height of the CDJ's and mixer must be no lower than 1 meter from the ground.

DRINKS: (If there is no bottle service in the club then the promoter is to organise a selection of drinks to be brought to the booth before GNTN

play's)

6 x Beers

2 x bottles of water

2 x Coke
