

HYSTERICAL INJURY

TECH INFO & INPUT LIST 2015

Bass and drums 2-piece

Where possible please position drums on a suitable riser at front of stage left with bass/vocals on stage right. We wish to avoid placing vocals centre front and drums centre rear as much as possible especially on big stages.

Bass rig consists of a bass amp and separate guitar amp with different signals going to each so both will need mics, I usually like 2 mics on the main bass stack and 1 on the guitar amp.

Please have 2 decent reverbs and a tap delay handy, with a talk mic into the desk so I can audition those in my headphones, cheers

Tech contact: James King - 07813895504 - james@statick.co.uk

Ch	What	How	Notes
1	Kick In	Beta 91	I'll bring this
2	Kick Out	EV RE20	I'll bring this
3	Snare Top	M201	I'll bring this
4	Snare Bot	M201	I'll bring this
5	Hats	Condensor	
6	Rack	E904/604	
7	Floor	E904/604	
8	Overhead SR	ETL Edwina	I'll bring this
9	Overhead SL	ETL Edwina	I'll bring this
