 Joe Hicks Guitar 07713896101  
 James Walker Piano 07411678245

No.	Input	Sent To
1	Joe	Aux 1 (Mix 1 Onstage) (SR)
2	Adam	Aux 2 (Mix 2 Onstage) (CS)
3	James	Aux 3 (Mix 3 Onstage) (SL)
4	FOH L	FOH PA L
5	FOH R	FOH PA R

## FOH

Hello to you, the In House Engineer!

We tour our own rack mounted Digital Mixer from which we will send 5 mixes to your in house desk.

Our engineer will help to dial in which channel needs to be sent where, if the above channel list doesn't make sense.

We bring all our own Mics, Clips & Dis.

All we need is **3 tall boom mic stands, 3 Pairs of Monitors, 12 XLRs and 3 power drops.**

## **Operation**

- Please provide a competent, sober system technician from arrival to curfew with a good knowledge of all equipment in use.

## **Control**

- Minimum 5 Channel, 3 Aux professional mixing desk.
- Located in a central position of the FOH system surrounded by pedestrian/mojo barrier where appropriate.
- Where FOH control is Digital please contact Engineer in Advance.

## **EQ**

- Individual 31 Band EQs over all speakers FOH

## Stage

## **Power**

- Please provide power sockets within 1m of all requested locations on the stage (see 'Stage Plan')
- Ensure power is clean, with no lighting or effects plugged into the same circuit

## Monitors

## **3x Monitor Mixes**

- All mixes to be provided with 2 full range, rung out and paired monitors each

## Notes

- In situations where FOH mixing desk is DIGITAL please provide competent system tech familiar with specific console.
- We will need 1 hour from load in to end of sound check, please inform the Tour Manager ASAP if this is not possible.
- Adam and the band are priority to keep happy, then me, then everyone else. Any issues let me know before speaking to the band
- I'm very easy going and will be satisfied with most adequate setups! So please don't stress, but I like things to be on time and to not miss food!

Hello to you, the In House Engineer!
