

ART  
of  
the EYE  
BROW

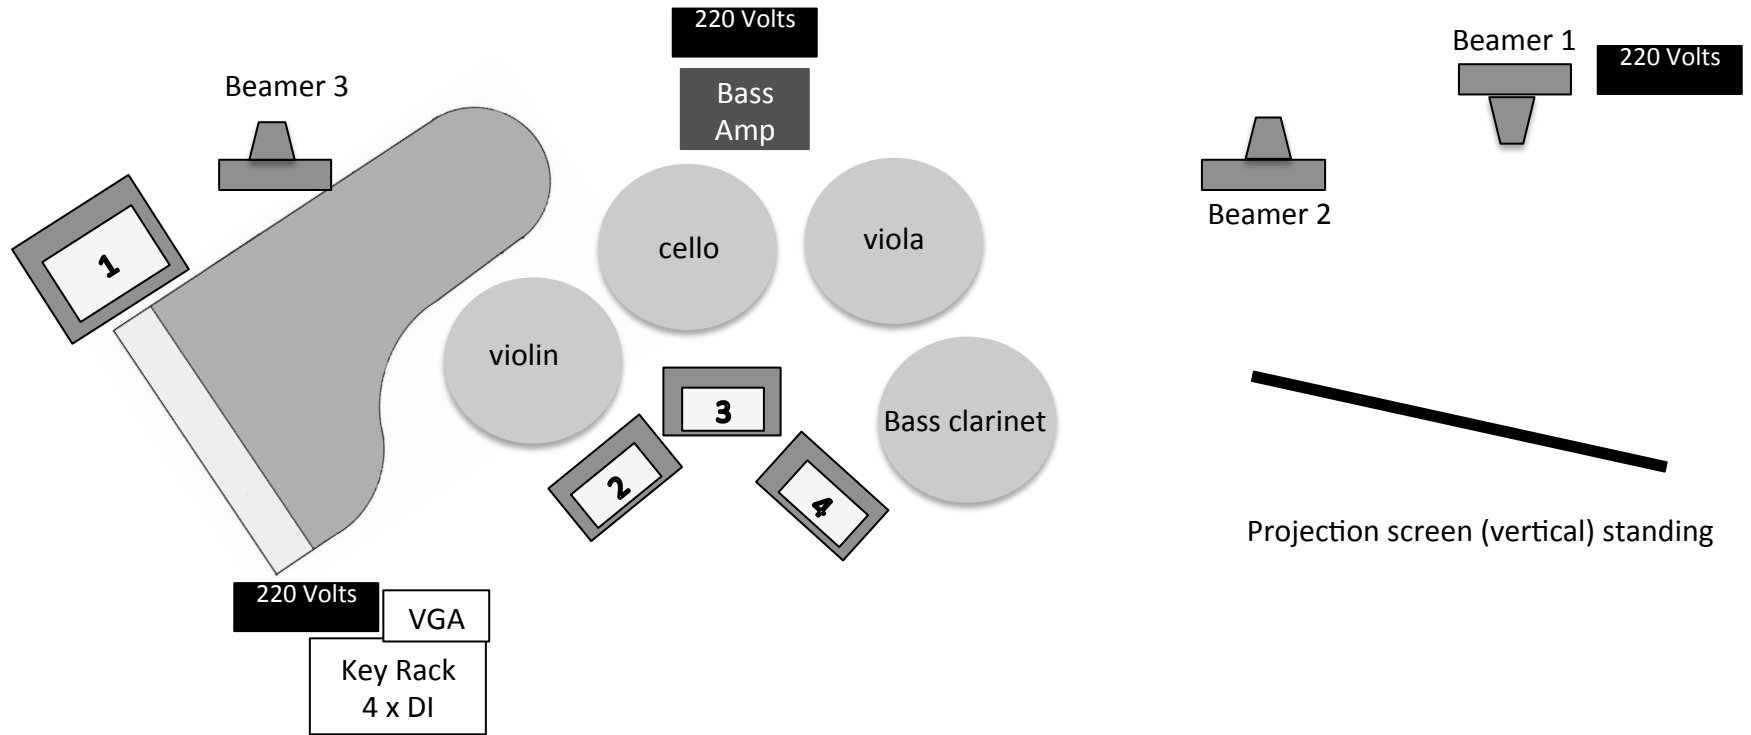

®

The image features a stylized illustration of a human eye. The upper eyelid is depicted with several vertical pink stitches, suggesting a surgical or cosmetic procedure. The lower eyelid is marked with a single, curved yellow line. The eye itself is rendered in grayscale with detailed shading to show the iris and pupil. The text 'ART of the EYE BROW' is arranged around the eye, with 'ART' at the top, 'of' to the right, 'the EYE' to the left, and 'BROW' at the bottom. A registered trademark symbol (®) is located to the right of the eye.
