Most contact should be made through Andrew.

Main Requirements

I will usually be playing on my own and the following requirements apply. Occasionally i play with a backing band and a separate rider is available in this instance.

I perform with a Guitar and a vocal harmony pedal; I will require access to one 240v socket, A D/I and a Vocal Microphone (No Preference) on a boom mic stand.

The only thing I will be bringing with me is my guitar and pedal. I will require 2x XLR cables and 2x Jack leads; however I usually carry these with me.

Channel List:

1: D/I Guitar

2: Vocal

Monitoring

I will require as a minimum 1 wedge monitor, however where possible 2 would be preferred.

Front of house

A powerful P.A with a good all round sound is preferred with at least 2 channels. Access to a nice reverb effect is a bonus!

I'm pretty laid back with the sound and if it sounds good to you it will probably sound good to me!

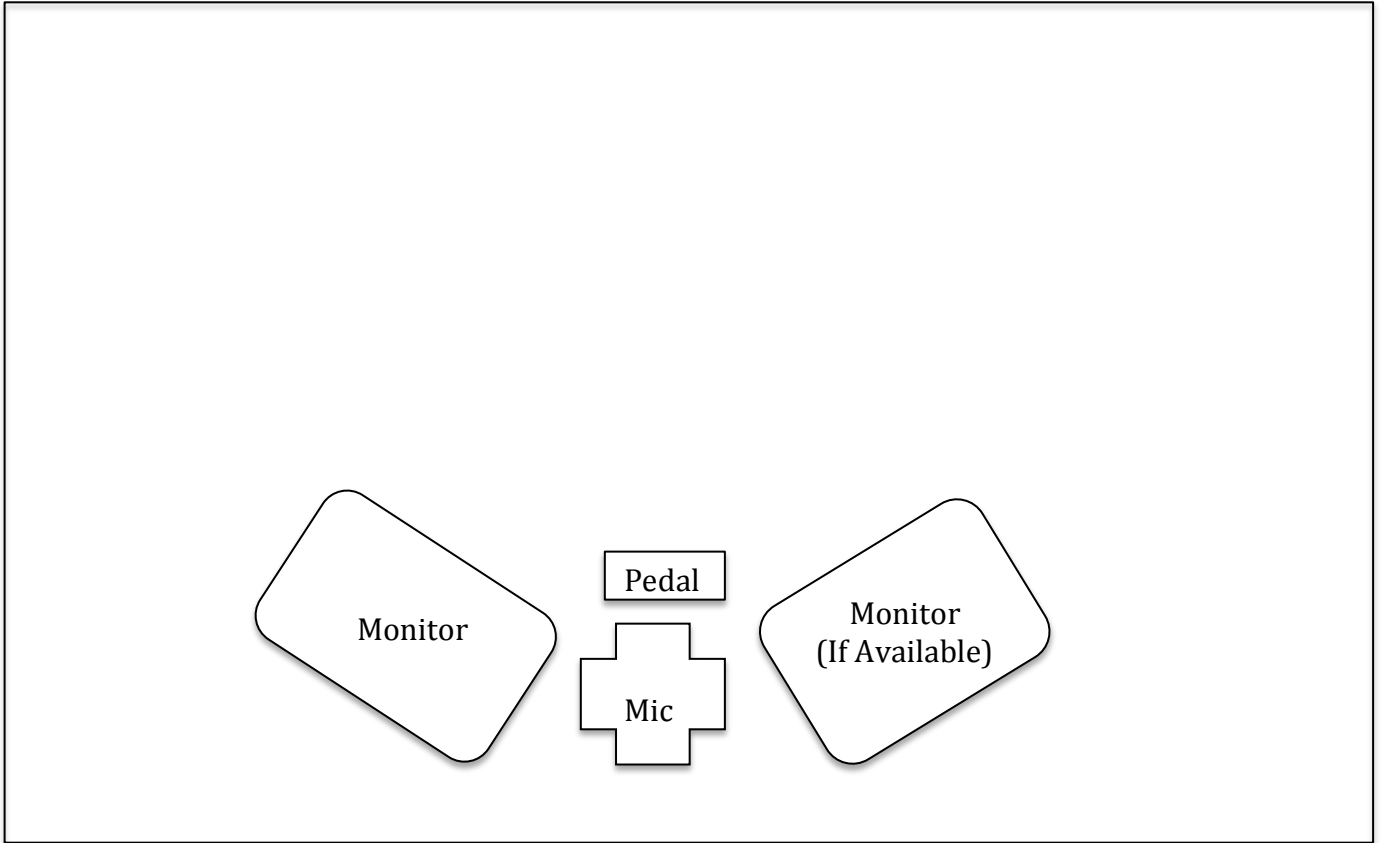

A stage plan is attached.

Recorded work

If you would like to get a feel for my music before the gig you can find my recorded material at
