

JonahJordan (Dj)

Catering/Hospitality Rider

Here are a few essential things that the performer needs to have considered and acknowledge within the contract agreement. (Each stipulation is up for slight negotiation depending on the situation)

- **Before or after performance:** If performing in a venue with a bar or alcoholic service, bottle service or drink vouchers at the minimum must be provided for DJ and at least 2 guest if there are any. *If performing in a late/early morning timeslot, (2:00am or later) drink vouchers or bottle service should be provided beforehand.
- **During performance:** Before taking the stage or shortly after taking the stage, a bottle of still water must be provided.
- **On arrival:** There should be either a sectioned off area (vip, table, booth, etc) for DJ and their guest if there are any.
