

## **Severin Onderka – Technical Rider**

There are two different types of set ups I use

### **Traktor + Ableton – Set Up:**

“Extended DJ-performance, by DJing with 4 channels and playing live on Maschine or/ and Ableton Push”

- 1x Mixer Allen & Heath Xone 92 (all channels and Filters have to be working properly)
  - DJ Monitor (at least 1)
  - Space for a 15” Macbook, two X1-controllers and one Ableton Push controller (about 1,2 m )
- 

### **Vinyl / Traktor Scratch – Set Up:**

“Classical DJ-performance with 2-4 channels using vinyls and Traktor Scratch”

- 1x Mixer Pioneer DJM 600 or higher or 1x Allen & Heath Xone 92 (preferred)
- 2x Turntable Technics 1210 MK2 or higher (including slipmats and systems)
- DJ Monitor (at least 1)
- Space for a 15” Macbook and one or two X1-controllers (about 60 - 80 cm)
