

# THE WINTYR

## BAND BIOGRAPHY

Consisting of songwriter and frontwoman Evelyn Hart, Tristan Carmicheal (synth, piano & guitars) and Brendyn Rossouw (percussion), the group was formed in studio as they came together to write material and produce tracks for Evelyn's solo album.

The collaboration resulted in a significant progression in sound and energy, characterised by ethereal vocals, soaring synths and warlike oriental-inspired percussion. Combined with a storyteller's depth, The WINTYR's music has been described as cinematic & emotive, eliciting comparisons to the music of London Grammar, The Naked & Famous, M83 and Sigur Rós.

Following two years of work, an album was born. 'Fury', had it's worldwide online debut on the 18th of November 2015, reaching no.1 on the electronic charts for iTunes Africa on it's first day of release.

"In my humble opinion.... Evelyn is a really cool artist! In the single "This Water" there is a lot of emotion and raw power and I wanted to retain and enhance that special force in the mastering. In particular, I was impressed by the verse rhyme scheme and flow."

"One of the best female vocalists in this country."

**- Tecla Ciolfi, music journalist & marketing manager at Deezer.**

"If you've ever heard Evelyn Hart's enchanting sultry voice you'll know that it grabs a hold of you and does not easily let go, and why would you want it to? With so many levels of emotion in her range, it's a thrilling ride to experience. The songstress has once again joined forces with long-time collaborators Brendyn Rossouw and Tristan Carmichael to form The WINTYR, and their debut album "Fury" is unlike anything I have listened to in a long time."
