Each of our lives carries out a rhythmic heart beat, If we would magnify(Amplify) all of our heart beats at once, We could create all together a heart moving melody! each day We would stop to hear the countless measurements of true love!

now that we have found each other, I will never let you go,! You were embedded upon my heart from the beginning of time , I would like to say first off hello world! , thanks you for not giving up on finding me. What I'm I to say to such an opportunity, to have a changes to sing To you, To sing to you about my life, to share heart aches , disappointments but most of all to share true love. as I reminisce on the days of growing up In Dallas, Texas, I can not recall having such a warming memory as to singing to the entire world. Singing to ease pain to mend or heal a breaking heart. Starting out as a young boy listing to my mothers LPs "The Big Band Sounds," Glen Miller Tony Dorsett, Benny, Goodman, Duke, Ellington, Count , Basie and the most wonderful Mrs. Ella Fitzgerald , & Mrs. Doris Day.

*I sit hours in the living room listing to my mother music and singing along, This was a daily thing for me,
If those days would return!, I would probable turn the record over and listen to The B side . " That's an Insider or the flip sider"

***I also grow up singing along with great groups like The Jackson 5 & Michel Jackson later songs like Ben, I Want You Back and Elvis, Presley The Osman, Billy Holiday, Theses group and the ones I mention above were my first vocal coaches, I was so lucky that they were all available and at the same time.**

***No matter what song I was singing I would always sing soprano.**

***I could always sing the ladies parts !**

***Singing has always been a passion of mine, I started out singing and dancing for the friends of My Mother When They Would Come Over On The Weekends, They Used To Pay My Sister (Royce) And I 5 Dollars To Perform So We Would Put Together Acts For The Coming Weekend, It Always Paid Off! That Bought Me A Lot Of Candy.**

***I Remember singing one year in school the 7th grade, it was Christmas time so a course in music class (the teacher was Mr., Payne), we were singing Christmas carols and I have to admit silent night is one of my most all time favorite Christmas time carols. and yes I could sing soprano with ease, So on this particular day I was singing my favorite song loud, very loud and did not notice that Mr., Payne was standing some what closer to me but was On the soprano side of the room. When suddenly he stop the class from singing and started coming toward me asking ,Who is that singing soprano? I did not raise my hand, Singing so beautifully he stated. At this time like a little boy I was too shy to speak , Who was that ? I could not say a word I held my breath . Mr., Payne the truth to this sweet mystery memory is .. It was me! Singing soprano! if you are still trying to find out who was singing soprano that day I'm raising my hand N.O.W. And just to let you know this is the name of my new CD that is being release on the 13th Feb 2015. Thank you very much Mr., Payne for letting me know back then I had a special gift and have a distinctive voice. That has to be heard.**

***We had a up right Baldwin Piano in our living room, I remember my**

oldest sister Royce before her piano lesson had to dress up in her very nice petticoat dress and her black shiny black shoes before the teacher came to our home to give her piano lessons , One day I can remember my mother asking my two brothers Alfred & Wendell and I if we wanted to learn to play the piano, Wow I can still hear those two guys screaming No No! piano playing is for girls. So What was I the youngest to think ? Piano playing is for girls so I said no not for me mother!.

*Later I found out those two guys(My Brothers) did not know anything about how to win a girls heart!!!

Just a Few years later the piano became my *First Love

The old Days Summer Break, This particular summer I was 10 years of age, My brother Wendell that is two years older than me , His best friend Don, The two of them were the same age. And Dons little brother Rickey he and I are only 3 days apart, Who is my best friend to this day. We did not just go swimming every day, Or cut lawns to earn money or sale pop bottles for a bag of candy, We had a singing group, We had a super sound. And like in music class I song, "You guess it, I had to sing soprano". On this hot Summer Day We Where Standing On The Front Steps Of Our Elementary School ,
Roger Q, Milles, Singing * Ant No Mountain High Enough By The Supremes, Diana I had you down! ma'am I did not miss a note, wail singing this one song there where, you would not believe it * 4 girl standing there listening whispering in each other ears, and sure enough and this the truth guys! I got my first girl friend that day they were choosing which one of us they like, I never want To forget this day.

*As the summers move on my passion for music grew even more so to

create my own music my own Sound , My neighbor Mr., Willy, Had a organ In his basement, An would play it at times!, Well one afternoon i decided to go over to hear and watch him play and not just listen from my yard . I than afterwards went to his house often to watch him play, one evening he ask me if I could play the guitar, I answer him no. He turn and went to the other side of the room, He had an old acoustic guitar In the corner , It was missing one string, So I went home with a 5 string acoustic that evening. Man I Give It My Best , But I never got those 5 string down to sound like I wanted them to, Mr. Willy if you have been looking for your old 5 string its still upstairs in my room in the closet!

And i know it now, it needs that 6 string for that complete sound.

*Now in between the music i had a strong passion and a super talent for sports i was a all around ATHLETE , Basketball, Football . Track and Field ,Swimming, Tennis's, Baseball, And Volley Ball. I even played with a few guys In High School that made it to the professional level, In Basketball and In Football.

*But for me at the time i was graduating , i could not understand why i had only a few scholarship, I was really good!, But As I Started To Make My Own Decisions In Life I Quickly Figure The Equation Out . = One With Multi Talents Giving To Them At Birth, But Unable To Accept And Decide = I Will Find That Rainbow When I am Ready To Cause It To Rain On This Sunny Day In My Life. Get It!!!

*Reasons behind why I'm saying this , is because in the later part of my freshman year in high school I began to attend a creative school of art for music ! this was super, Music in the mornings , Piano ,Bass Guitar , Singing And Stage And Drama Lesson and in the afternoons I would have only about two classes and than sport class and depending on the sport season

this class/ training could last up until 19:00 What A Care Free Life.

***After graduating high school I had one thing in mind, heading westward out to California with my music on the top of the agenda, My sister Royce was staying in North Hollywood with her husband Beau, Miller who had formed a band called reality. My goal was to join them and become famous. There were lots of promising moments but I could not cash in on them until N.O.W.!!! never stop believing in yourself always keep your dreams burning with life's fire and your passion thirsting for that you know you can accomplish.
