

ARTIST SHEET

Matwe Drappenmadchenfeller

(neo-swing madness!)

BIO

Matwe Drappenmadchenfeller is a multigenre person. Apart from DJing, he is professionally involved in organization of club events and festivals. His home club is Kabinet Múz in Brno. His heart and soul is at Pohoda festival, the biggest and the best event in Slovakia, which he also co-organizes.

His DJ sets are rich and mostly flavoured with alternative music. One genre is too limiting though. He likes everything with energetic drive. From techno through punk to swing, topped with classical influences. As a violist, he played baroque music also in his hometown's chamber orchestra. The major influence towards swing music was his father, who used to organize swing nights. It was where Drappenmadchenfeller saw swing bigbands for the first time. These all elements have played a major role in forming this personality.

Under the name Matwe Drappenmadchenfeller he made thousands of people dance with his neo-swing madness. However, don't mistake neo-swing for electro swing. Neo-swing is a genre about instrumental drive, dynamic drums and a striking brass section, all under one roof with swing elegance. Simplified nature of electroswing is neither of that.

Drappenmadchenfeller knows his tracks from the starting point to the end, therefore he enjoys what he plays very much. His stage performance represents a specific joy of true swing music, with air guitar or saxophone solos flying around his broad hat, along with dancing limbs. When people see this, the groove comes on and everything turns into a big feedback loop, where energy gets transferred both ways and everyone is having fun. His playlists are never prepared before, improvisation in the selection is the key to picking up the perfect track in the right moment.

Ladies and Gentlemen, Let's Swing!

PROMO

Promo set:

TECH. RIDER

Table:

- 1x1m table at least, 90cm height
- 3x european power plug

DJ booth:

- 1x Pioneer DJM-600 or higher is the preferred brand, any other functional DJ mix should work well, I just need to mix two channels which I send from my sound card
- booth monitor (stereo ideally, mono is OK)
- clean stage if possible, space behind and in front of the table is very good to have. There is a lot of movement going on and jumping through obstacles is dangerous :)

Lights:

- minimal atmosphere preferred
- no bright or sharp lights in the face, please
- no disco stuff and lasers, please

CONDITIONS

Name:

Matwe Drappenmadchenfeller

- please, always state full name, even including posters
- "DJ" before name is redundant
- use of "**(neo-swing madness!)**" subtitle is optional

Set length:

- ideally 1,5 hours, but I am open for a debate about everything

Other:

- +1 entry for my girlfriend, if possible
- get me drunk, please. I like to extend my horizons with local alcoholic beverages, but in fact, any type of alcohol is OK :)
- backstage, dressing room or some similar space
- 1x little towel if possible (not necessary)
- some form of air refreshment on stage is very appreciated, for example a fan, or a pair of girls waving with palm leaves

Every point is discussable, I am no fancy bitch.

Thank you for understanding :)
