14	Miru Lead Vox 2 - Effects	Shure SM55 DI also	Microphone provided by Artist for effects Also has to be DI

Additional Information:

Cave Party's genre is described as Alternative Rock/Indie Pop. The music is a cross between Radiohead, Arctic Monkeys, and Black Keys. Lead vocals tend to emulate a Coldplay sound; reverb and delay is therefore recommended. Also there is a preference that lead guitar uses 2 microphones (front and back).
