BAND ROOM REQUIREMENTS

EES & the Band do not ask for a luxury suite with views of the countryside however, clean, dry, private and secure changing and recreation facilities are a necessary requirement of the band for all engagements.

Please Note: (as an example) If the band were offered or expected to use a broom cupboard, toilet block or a kitchen store room as an alternative to the above, they would not be in a very happy state of mind.

It is essential to the performance that the band members have a suitable place to relax for what is often several hours before show time. The band members are professionals and expect to be treated as such.

We thank you in advance for your cooperation.
