

A black and white photograph of three men standing in a derelict, industrial-style building. The man on the left is wearing a dark jacket over a light-colored t-shirt and dark pants. The man in the center has long hair and is wearing a dark jacket with a shearling collar and jeans. The man on the right is wearing a dark coat and has a beard. The background shows a building with graffiti, including the word 'LADY' and a mural of a person's face. The overall mood is gritty and urban.

FOOD & DRINK

We're really not that fussy when it comes to food and drink!

- Bottled water (room temperature)
- Pizza/Pasta/Sandwiches/Salad, just nothing too greasy!
- Liam likes Cider (Strongbow)
- Alex and Craig are into craft beer, so if you've got any local specialities we'd love to try them!
