

# ONE YEAR AT SEA

THE DEBUT SINGLE FROM SOUTH ISLAND SON

The release of 'One Year At Sea' marks the debut single for new Manchester-based band South Island Son.

Released with a video premiere from Bitter Sweet Symphonies blog, they write, "One Year At Sea delivers a tropical energy and richness of americana, as if to say it was Vance Joy flirting with Jack Johnson but instead finds comfort in dancing the night away with Paul Simon".

Accompanying the single the band will hold a launch party over at The Eagle Inn with support sets from the cream of Manchester's up and comings.

Looking forward to a busy year ahead, plans are afoot for touring the UK and France in support of their follow up single.
