

HORSEFIGHT.

LUKE DUNELL / PAUL MULLEN / DEAN PEARSON / ALEX CHOJNACKI

Horsefight started out in Brisbane, Australia before setting off to the UK where they played a string of warehouse parties and quickly gained a reputation for a raucous affair.

The band's live shows have been duly rewarded with support slots for **Fat White Family**, **Dinosaur Pile Up**, **Tiger Cub**, **DZ Death Rays** and **Dune Rats** to name but a few. After the departure of their original drummer, Horsefight enlisted Dean Pearson (**Young Legionnaire**) to begin the recording of their debut album

EDEEN

Recorded in London and Berlin the album boasts massive riffs and, with the help of producer Kevin Van Bergen, manages to capture a sound that is a clear statement of intent.
