CUTE CUTE DEATH are a melodically energetic five piece post-hardcore band based in London. Influenced largely by the American metal/hardcore scene, the band finds inspiration from artists such as Lower Definition, Alexisonfire, Gallows and Glass Jaw. The combination of skilfully arranged chord progressions, crushing rhythmic patterns and formidable vocal hooks cement CUTE CUTE DEATH as a frontrunner in the UK post-hardcore scene.

Their debut album 'VESSELS' is available to order and download from SPOTIFY, iTUNES and AMAZON.
