

# KRUPA

Technical Rider 2017

**Contact info:**

TM: Mikee Gregory Phone: (+44) 7821 112637

This document is meant as a supplement to the contract.

Ch.	Input	Mic.	Notes
1	Traktor L	D.I.	Or Mixer
2	Traktor R	D.I.	Or Mixer
3	Mic A	SM58	✘
4	Mic B	SM58	✘

**Additional Notes:**

- We are travelling with our own Traktor S4 controller, Maschine Studio, which is being run via laptop.
- Main output & Monitor output from Traktor controller
- Please provide 2 stereo wedges situated behind the DJ.
- Please have 3 power outlets available

**TECHNICAL REQUIREMENTS:**

- A well-balanced PA, 3- or 4-way system capable of delivering at least 110 dB/a at FOH without limiting and distortion.
- Monitors / 2 x 12" or 15" wedges and 1 x 18" drum-sub
- Please also see 'Hospitality Rider' for hospitality requirements
- 1 x ventilation fan on-stage.
- A riser would be preferable, however, not a necessity

**QUESTIONS?**

Thank you for taking your time to read through the technical rider. If you have any problems regarding the rider, questions about gear or other technical matters, please contact Tour/Production Manager Mikee Gregory, ([mikeegregory@icloud.com](mailto:mikeegregory@icloud.com)).
