

Sonifer Techrider

2x1 m Raiser or equivalent space made up from tables etc. - stability required! For
EQUIPMENT

one stage riser 2x1 m if possible for additional equipment, if audio-visual performance is
planned

DI / BOX Stereo for Mixer out on Stage Raiser
220V power on stage and distributor for 12 to 16 Plugs
one or two small IKEA Led Clip like Lamps

if possible 16 track 4aux mixer appreciated e.g. Mackie 1604 / 1642 or similar, like Allen
Heath / Soundcraft ... no Behringer

max dual color for stage rather static or slow moves

access to projector welcome

hazer very welcome if to be controlled from stage

I like playing close to FOH if this is possible at your location or on even ground ... any of
stage position is interesting concerning projection work and encounter with visitors.
