

# **The Rhetoriks**

## *Sound production requirements*

The Rhetoriks require a professional on site sound engineer throughout their live show. Equipment needed is the use of 3 channels from a mixing console, main line outputs from mixing console, front stage monitors and live performance speakers. USB supported hardware from which to play music audio. The following pieces of equipment they will self-supply to perform their live show.

- CH1 – (Lead Singer) Wireless Shure BETA 58A microphone. XLR input with 1 power supply socket.
- CH2 – (Lead Rapper) Wireless WMS 40 PRO microphone. 6.5 mono jack input with 1 power supply socket.
- MEI 1000 In-Ear monitoring system with 2 ¼ inch jacks for left & right stereo output.

If you have any questions or issues with supply, please email [info@therhetoriks.com](mailto:info@therhetoriks.com)
