Maxime Barlag: vocals, drums, keys

Samgar Jacobs: vocals, drums

Danny van Tiggele: (bass) guitar, vocals

Total: 6 persons (4 band, 2 crew)

Rider MISTER & MISSISSIPPI

Hospitality rider

DRESSINGROOM

Purchaser or venue provides a dry and clean dressing room from arrival till departure, preferably locked (or otherwise guarded). If possible with private shower and toilet. Dressing room must be heated and fitted with a functioning refrigerator, table and chairs for at least 10 people and at least 10 clean black towels.

CATERING

Available in dressing room:

- Coffee and tea, sugar and honey.
- 48 bottles or cans of local beer.
- 2 bottles red wine.
- Large bottle of whisky (Single-malt Scotch).
- 2 bottles of Coca Cola.
- 4 liters mixed juice (not carbonated) apple juice, orange juice, etc.
- 15 liter mineral water (still, preferably half **plastic** bottles).
- 6 cans of energy drink (Red Bull).
- Fresh fruit (including bananas).
- Fresh bread or sandwiches.
- Sandwich filling such as cheese, humus, etc.

Applied to the above: as much as possible organic and / or Fair Trade.

DINER

Mister&Mississippi wishes a healthy and warm evening meal (no junkfood or take away other goods, like Chinese) for 7 persons (4 band, 3 crew). Food to be served at the latest two hours before the performance. If the above is not possible, a buyout of 15 euro per person.

GUESTLIST

15 people, if necessary with backstage access.

MERCHANDISE

Venue or purchaser shall allow sales of Mister&Mississippi merchandise before, during, and after performance in a prominent area leading to or contained within the performance area by representatives of the band.

OVERNIGHT STAY

If performance results in an overnight stay, a minimum of 2 twinrooms and at least 2 singlerooms will be provided by purchaser. All rooms including showering facilities and breakfast.

Technical rider

RISERS

The harmonium player uses 2m x 2m x 40cm.

MONITORING

Except for the obviously well equipped monitor desk, Mister&Mississippi needs at least **6 groups** (including PFL) of monitor and **6 wedges** needed.

SOUNDLEVEL AND LIMITERS

If noise limits are set, clearly indicate this to the tour manager **in advance**. Because Mister&Mississippi is certainly no metal band with continuous high SPL, we politely ask you to patch no limiters on the FOH.

TECHNICAL STAFF

In case of absence of technical crew due to illness Mister&Mississippi will be able to use services of technical crew (venue or main-act personnel). This includes front of house engineer, monitor engineer, and lightning crew.

SOUNDCHECK

Mister&Mississippi will be able to do a soundcheck for at least 60 minutes and a change over of 30 minutes.

RECORDING

No video/audio recording or live broadcast without first receiving written approval from Mister&Mississippi or Mister&Mississippi representatives.

CONTACT

The stage manager on duty is kindly requested to contact the tour manager to discuss the rider and to receive the latest changes or when any problems at the venue or festival arises. **If there are things in this rider which cannot (for whatever reason) be provided, please report it on time!**
