

Technical Rider

- Since i am a One Dude Band i don't need much, 2 Monitores of coarse, or more when you've got and 2 DI Boxes for the Stereo out's, that's it.
- Microphon and stand i bring my own.
- Stand for my Perpherie i bring my own. Cables too. Adapter are allways good to have xlr to cinch, or cinch to 3/4 jack, or a cable etc, but i will bring it.
- All you need is a PA, i don't need a Stagehand, or a Mixer, the Stereosignal what i give is Linear and in 24 bit Studio Quality, i do the mixing within my Equipment much like a DJ, or MC.
