

ORDO CAPER

- Bio.

Ordo Caper is a Death Metal band from Costa Rica that was created in 2010 by Leandro Alcazar "GOAT"(Bass and Vocals) and Daniel Retana "Dāniyyêl R'l'yeh"(guitars). After a fast start there was a Demo recording(Sonus Satus) in 2011. After this the band started to spread the demo around, managing to get some reviews and some critics by zines and blogs, also been able to get a label for the following recording "Haspu" in 2012 this time with the drummer Alonso "AGR", but due to differences "AGR" had to leave the band the same year, the band remained on hold until 2014 when Leandro and Daniel started jamming and making new ideas, at this moment the band had many labels looking for their upcoming works.

In 2015 the drummer Eytraz joins the band but due to differences with the band left the same year, a recording was spawned that year. Then early in 2016 the drummer Vorago joins the band, again a recording was made after this gathering, but once again due to differences with the band, the drummer left the same year, however late in 2016 the drummer Savnok joins the band and start working on their awaited 1st full lenght, which is still in the works.

- Facts.

As part of the achievements is to be able to work and produce splits with bands and labels with strong distribution and production possibilities, several splits have been accomplished with such recordings, these splits hav been done so far with bands like: Anal Vomit(Peru), Obeisance(USA) and the almighty Rok from Sadistik Exekution(Australia). As well as labels or producers such as: Nyarlathotep Records(Brazil), Dunkelheit Prods(Germany) , Austral Holocaust(Peru), Bestial Burst(Finland), Headsplit Records(USA), Inframundo-Ah Puch Records (Mexico), Signal Rex(Portugal), among others.

Other important aspect is the fact of being able to spread their work through numerous printed Metal magazines such like: Temple of Adoration, In search of pure Negativity zine, Soulgrinder magazine, Death Metal Zine(Brazil), Necroscope, Necrobeast zine, Headbanger Zine(Peru), among others.

For 2018 the goals are to able to keep up the speedy line and to be able to prepare the 1th full lenght album, play some gigs and to be able to travel to Central America, Mexico, Panama or Colombia to do some concerts.
