Oscar brings an upbeat, soulful sound with their debut single - Remedy.

Based in Stockholm Sweden, Oscar (or Oscar - Soul Experience, the name of their live shows) consists of five guys who fuse Pop, Soul and R&B.

Founded in January 2017 by **Oscar Ögren**, he recruited four talented young musicians; **Noa Svensson** - Drums/Percussion, **Oliver Löwenham** - Bass, **Victor Lundell** - Electric Guitar and **Lucas Johansson** - Keyboard/Organ.

The band decided to step away from the paths many independent artists take - upload music to streaming websites and hope for the best. Instead, they played several shows around Sweden, Europe and China to establish a global fanbase and spread their soulful sound.

You can hear the influence performing live has brought to their music with this debut single. **Remedy** feels alive and pulses with energy. Vocally Oscar hints of **Timberlake** and Danish band **Artifact Collective**.

Oscar plan to release more singles throughout the year and I can already sense their live shows are going to be a lot of fun too!
