Cheddy Carter

TECHNICAL RIDER & STAGE PLAN

First of all, thank you for your interest in booking a show for Cheddy Carter. Below is a list of our technical requirements. It might sound a bit formal to you, this is not meant to cause any inconveniences on your behalf. We designed this rider for optimum effectiveness at the day of the show. If there are any questions or if you have trouble providing any of the below mentioned please get in touch with us before the day of the show and we will work out a solution.

Our stage setup is:

2 vocals

2 turntables & mixer

1 midi keyboard

1 sampler

We assume that there is a well-sized PA system provided for the concert room with sufficient power to supply a clean and undistorted 110dB SPL RMS to the mixing desk and a powerful and feedback-proof monitor system. It is very important that the vocals each have their own monitor speakers with separate mixes.
