

**Bio:**

*Il Giardino degli Specchi* is an Ambient / Post-Rock band from Rome, Italy.

Valerio Marcellino and Marco Andrea Lipa started the project as an ambient duo, creating soundscapes and psychedelic suites using guitars, synths and voices.

In 2016, the line-up was completed with Marco Gianfranceschi (bass) and Chiara Bellucco (drums). This integration made the style steer towards a more post-rock oriented style.

In June 2017 the band released a digital EP, published on the main platforms such as Spotify, iTunes, Amazon, Google, Bandcamp...

After the EP release, the band started a crowdfunding campaign on Musicraiser, to raise funds to produce the debut album, both in digital and physical copies. The campaign was a success and the band started to work on the new release.

In April 2018 the debut album **Oltremare** has been officially published both in physical and digital version, getting positive feedbacks from the international post rock scene.

*Il Giardino degli Specchi* has a wide range of sounds, from ambient to the famous wall of sounds of post rock genre, with some influences coming from slow tempo and the heaviness of doom music.
