# JUKEBOX – Technical Rider – 2018

---

First of all, thank you for booking a show with JUKEBOX. This is a list of our technical requirements. This Rider is designed for optimal effectiveness of the show.

### What we need:

- **P.A. SYSTEM: Multiway active professional sound system, flat response from 20 Hz to 20 KHz, feedback proof, capable to deliver sufficient sound pressure depending on the size of the venue (not less 10 kW for 1000 seats). The sound system must be placed on the floor or in side wings, not on the stage.**
- **Band stage/podium (min. 6x4 meters) – preferably with drum riser (2x2 meters)**
- **Stage lighting and visual effects system with operator, maybe led-screen (we have our own concert graphics)**
- **220 V Power Outlets for bass, drums, keyboards and guitars**
- **On stage technician during the sound check and performance**

### What we bring:

Vocal and drums microphones and stands, 32 Ch. digital mixing console, In-Ear monitors with headphones, drums, cymbals, keyboards, guitars, bass, amps, preamps, floor effects for guitar and bass, stage technician, sound engineer.

### BAND MEMBERS / STAGE SETUP:

- 1 – Lead Vocals
- 2 – Lead Vocals
- 3 – Electric Guitar
- 4 – Electric Guitar, Acoustic Guitar
- 5 – Keyboards, Vocals
- 6 – Keyboards, Trumpet, Vocals
