

The Solitons usually appear in the form of a trio that can perform as a semi-acoustic or fully amplified act.

A) When performing fully amplified, we use:

- 1) an electric guitar through a guitar effects pedal
- 2) an electric bass
- 3) a complete drum kit
- 4) 3 voices

We can provide our own PA, amplifiers, mixing console and microphones (for both vocals and drums) when necessary although we prefer it when the venue provides that.

B) When performing semi-acoustic, we use:

- 1) an electroacoustic guitar through a guitar effects pedal
- 2) an electric bass
- 3) a cajon-based percussion set
- 4) 3 voices

We can provide our own PA, amplifiers, mixing console and microphones when necessary although we prefer it when the venue provides that.

Because the exact specifications may vary from venue to venue, for more specific info please contact [solitonsband@gmail.com](mailto:solitonsband@gmail.com) or call Stav on +4915224937042.
